What is FirstChoice™?

FirstChoice™ is the preferred pharmacy network of Southern Scripts, offering access to reduced prescription costs at 50,000+ participating FirstChoice™ pharmacies across the nation. A participating FirstChoice™ pharmacy offers, on average, a lower cost on medications for covered drugs than a standard (non-preferred) pharmacy. FirstChoice™ consists of both independent (local/community) and retail (national/regional) pharmacies.

Participating FirstChoice™ pharmacies also offer the added benefit of filling a 90-day supply of medications*. Non-FirstChoice™ pharmacies are limited to a 30-day supply.

How do I lower my prescription drug costs?

Locate a FirstChoice™ pharmacy by following the steps above

Remember: A participating FirstChoice™ pharmacy offers, on average, a lower cost on medications for covered drugs than a standard (non-preferred) pharmacy.

Ask your physician about generic drugs

A generic drug is a version of a brand drug. According to the U.S. Food and Drug Administration (FDA), compared to the brand drug, a generic:

- is chemically the same
- works the same in the body
- is just as safe and effective
- meets the same standards set by the FDA
- often costs much less

Example: rosuvastatin (generic) is the same drug as Crestor® (brand)
